Chat room

Wednesday, 29 March 2017, 2:06 PM --> Wednesday, 29 March 2017, 15:06 PM

14:06: Lidi Xu has just entered this chat
14:08: Lidi:
   Hi Mihaela! How do I print out the punctuation as shown in the lecture?
14:09: Malin Larsson has left this chat
14:10: Lidi:
   I think I am far behind....
14:10: Lidi:
   I mean the punctuation.
14:11: Malin Larsson:
   Hi. Sorry.
14:13: Lidi:
   You can use the "show" command to increase the font size.

Don't forget about the survey

Kje se dobimo danes, v sredo, popoldne?

Don't forget about the survey

by Jure Dimec - Wednesday, 29 March 2017, 11:45 AM

Dear UNIX/LINUX Tutorial participants,

please, don't forget to give us the feedback about the Survey activity at the bottom of the tutorial web as well as the web classroom (EeLP) environment.

Thanks,

Tutorial authors and EeLP Team

- Digital identity, AAI / SSO
Standards

Plethora of them, but still makes sense to use them:

• FAIR principles
  • data
  • software
• SCORM compliant materials
• Interoperability
  • Bioschemas
• HL7, openEHR
If you want to go fast, go alone.
If you want to go far, go together.
